Sponsor

From MINE to Innerspace – the challenges in relocating a Primary NSP

Presented by:

Chris Hardy & Danny Jeffcote

In the beginning...

The initial obstacles

The process

The result

- VCAT agreement
 - Management plan
 - Community consultative committee
 - Independent chairperson
 - NYCH, police, neighbours,
- Client consultations
- Trader consultations

Under construction...

Innerspace opening

Managing relationships

Dear Clients,

A group of people standing out the front is not a good look for our service.

People are complaining that they don't feel safe walking past our shop.

We know that the street is the only place left to smoke so of course you need to stand out there to smoke cigarettes.

But if you are NOT smoking could you please consider our neighbours and either come inside or move on.

Please do NOT sit on the blue stone steps as they are private property.

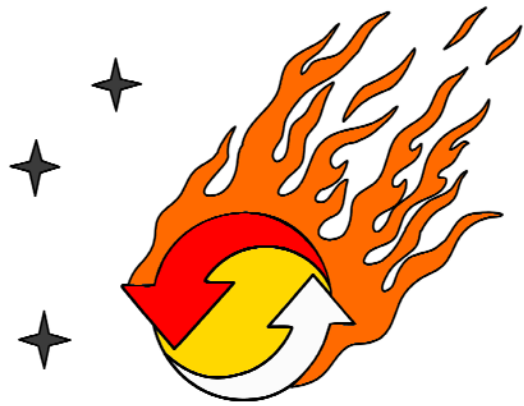

Thankyou

Overcoming resistance
